Bead Mat, SKU 10348546

Time: 1 hour

Level: Beginner

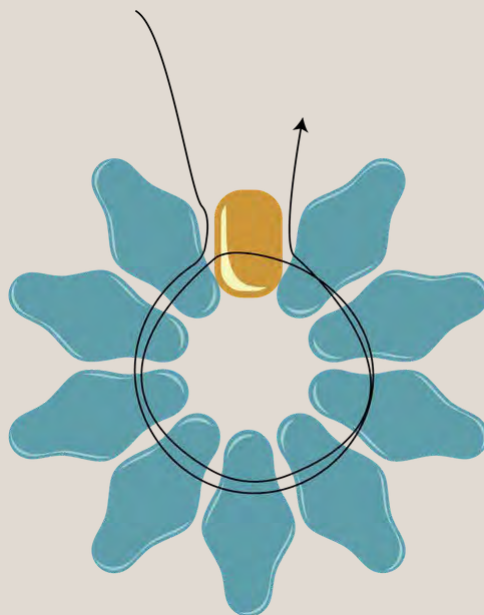

## Intro

Create these fast and stylish earrings with John Bead Czech Glass Superduo and Seed Beads! This step-by-step tutorial will show how to create these earrings with two variations to go from everyday to statement!

This project is part of our Superduo September series, where we will create together a whole set of jewelry, including these earrings, a necklace, a pendant, and bracelet!

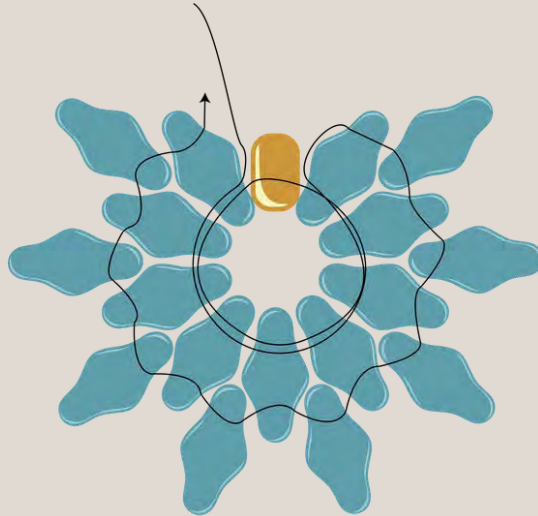

### Step 1

Pick up 9 Superduo beads in Color A and 1 size 6/0 bead. Go through all the beads again and exit from the last Superduo added,

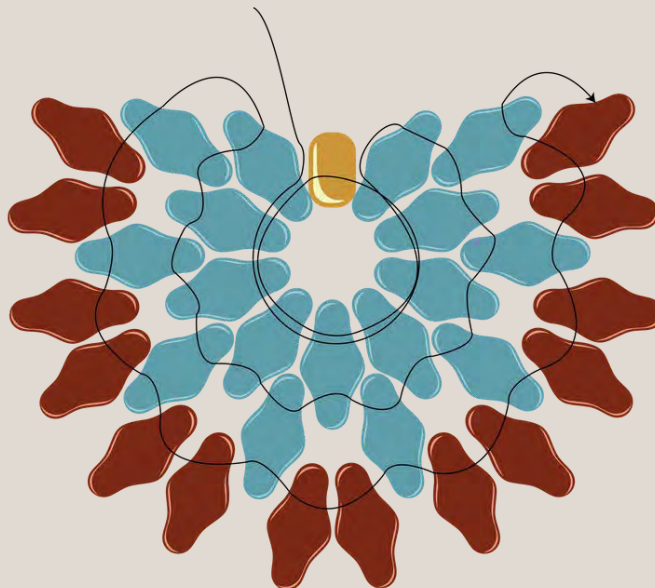

## Step 2

Go through the top hole of the Superduo your thread is exiting. [Pick up a Superduo bead. Go through the top hole of the next Superduo bead.] Repeat seven times.

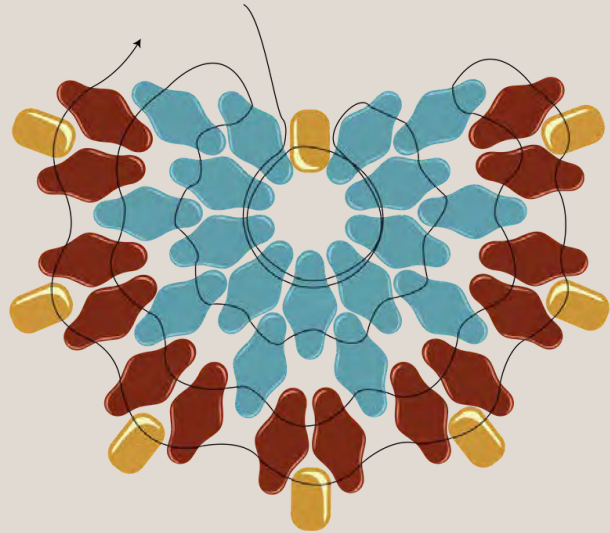

## Step 3

Go through the top hole of the last Superduo added in Step 1. [Pick up 2 Superduo beads in Color B. Go through the top hole of the next Superduo bead.] Repeat six times.

## Step 4

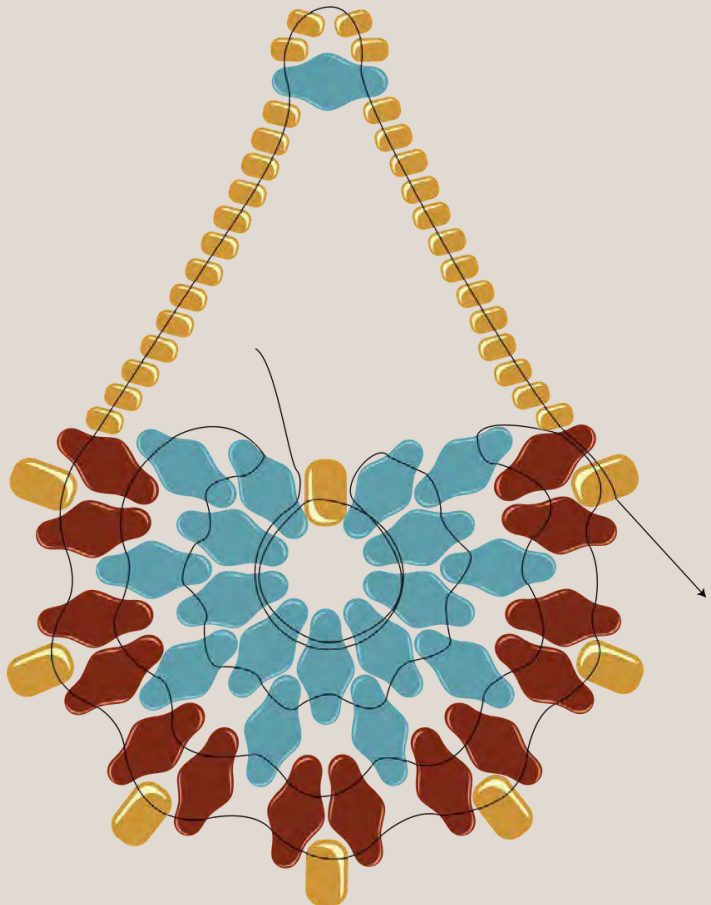

Go through the top hole of the last Superduo added in Step 3. [Pick up 1 size 6/0 bead. Go through the top hole of the next two Superduo beads.] Repeat six times.

## Step 5

### Finishing Style 1

Pick up 13, Size 10/0 beads. Go through one hole of a Color A Superduo bead. Pick up 4 Size 10/0 beads. Go through the second hole of the Superdup just added. Pick up 13 Size 10/0 beads. Go through the top hole of the edgemost Superduo bead on the far side of the fan from the one your thread is exiting. Continue through the Size 6/0 bead.

## Step 6

[Go through the top holes of the next two Superduo beads and the next 6/o bead] six times. Go through the top hole of the last Superduo bead.

Go through the 13 size 10/o beads, the Superduo bead, the 4 Size 10/o beads, the second hole of the Superduo bead, and continue through the 13 Size 10/o beads and the top hole of the Superduo bead below them.

## Step 7

Weave in the working thread by \*[going through the next 6/o bead, the top holes of the next two Superduo beads, and then tie a half-hitch knot] twice. Go through the next 6/o bead and trim thread.

Weave in the tail thread by going through the top hole of the Superduo bead that the tail thread is exiting. Continue through the bottom hole of the next Superduo. Turn and go through the top hole of that Superduo. Turn and go through the top hole of the next Superduo. Tie a half hitch knot. Then repeat from \* one time and trim remaining tail thread.

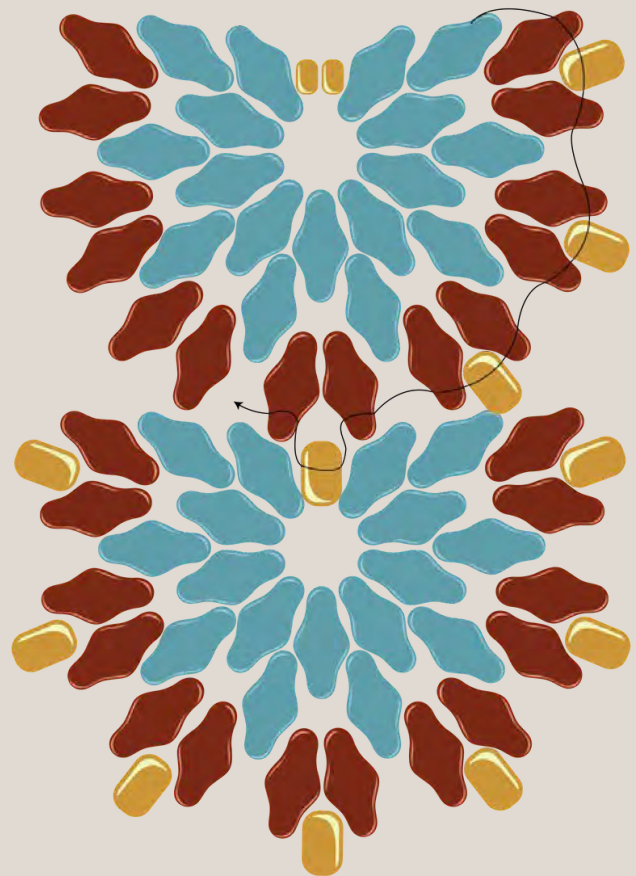

## Alternate Finish

You can create two or three fans in this variation. To do this, create a fan as detailed in Steps 1-4, then weave in thread and trim. Begin a second fan, but replace the 6/0 bead added in step 1 with 2 Size 10/0 beads. Complete Steps 1-3. Begin Step 4 as described here.

Go through the top hole of the last Superduo bead added. \*[Pick up a Size 6/0 bead. Go through the top holes of the next two Superduo beads] three times.

Go through the Size 6/0 bead in the center of the first fan. Go through the top holes of the next two Superduo beads.

Repeat from \* above three times, then continue through the top hole of the next Superduo bead. Weave in and trim.

## Step 8

For Style 1, use chain nose pliers to open the loop on an ear wire. Attach to the top loop of Size 10/0 beads.

For Style 2, use chain noise pliers to open a jump ring and attach to the bridge of Size 10/0 beads on the top fan. Close jump ring. Open a second jump ring and connect the last jump ring to an ear wire.

The following colors were used in the Style 2 sample:

John Bead Superduo Two-Hole Czech Glass Beads

Color A, Lava, SKU 10549064

Color B, Bronze Rainbow, SKU 10549069
