Level: Intermediate

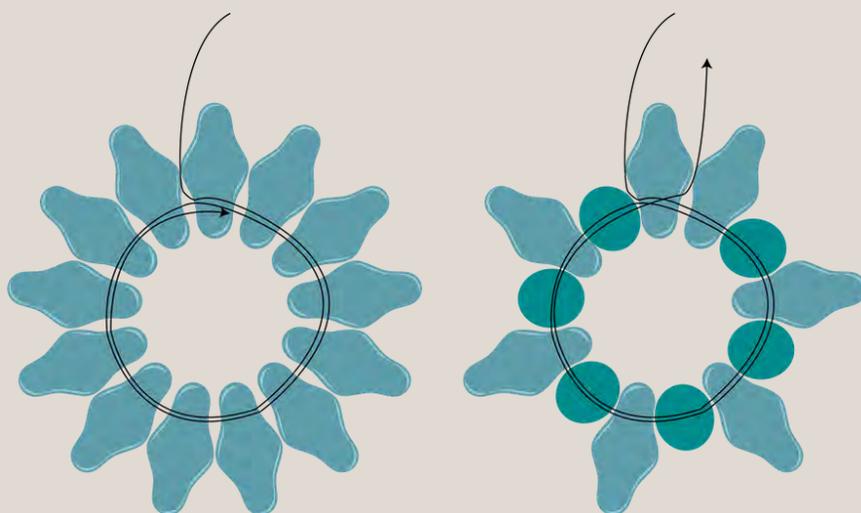

Intro

Create this stunning, Art-Deco Fan Necklace with John Bead Czech Glass Superduo and Seed Beads! This 3D design will wow as an everyday piece or for an evening out.

This project is Class 2 of our Superduo September series, where we are creating together a whole set of jewelry, including earrings, a necklace, a pendant, and bracelet!

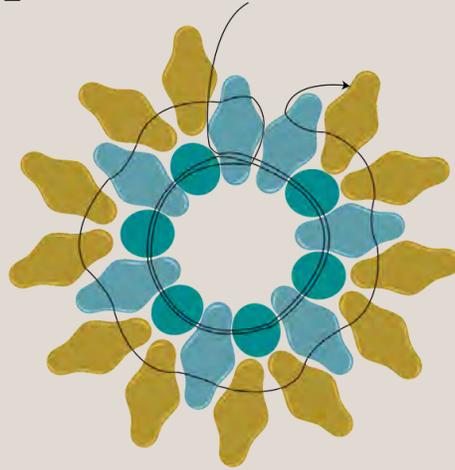

Step 1

Cut 55" [140 cm] of thread. Pick up 13 Superduo beads in Color A. Leaving an 18" [45.72 cm] tail, go through all the beads again and exit from the last Superduo added. Pull tight. 6 of the Superduo beads will pop up. In the next steps, we will work a fan shape onto the 7 Superduo beads that remain down. Ignore the popped up Superduo beads for now. Two of the down beads will not have an up bead between them.

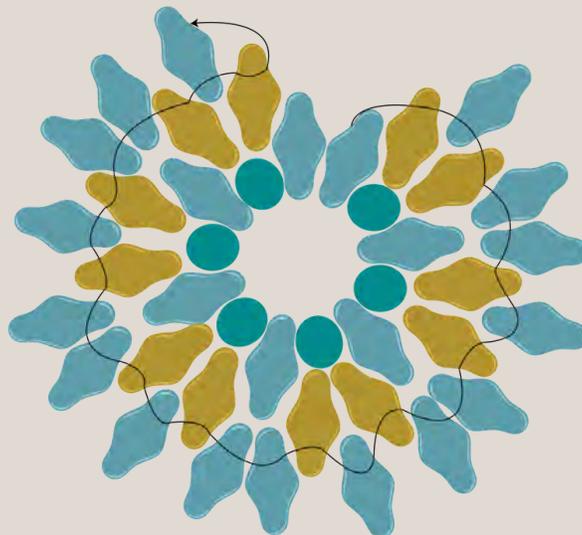

Step 2

Go through the top hole of the Superduo down bead your thread is exiting. [Pick up 2 Color B Superduo beads. Go through the top hole of the next down Superduo bead.] Repeat five times. Go through the top hole of the last Superduo added.

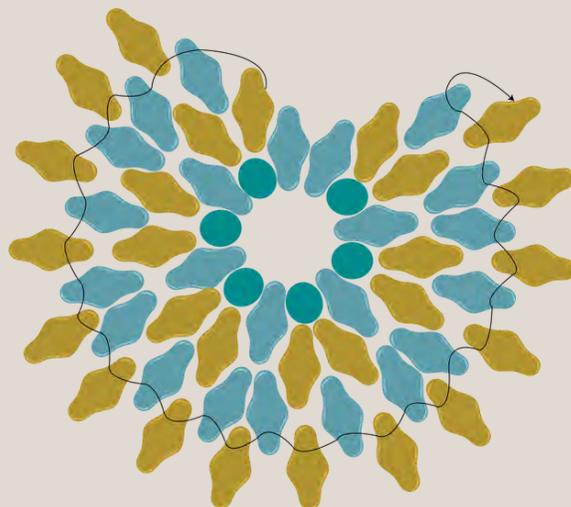

Step 3

[Pick up 1 Superduo bead in Color A. Go through the top hole of the next Superduo bead. Pick up 2 Color A Superduo beads, go through the top hole of the next Superduo bead] five times. Pick up 1 Color A Superduo and go through the top hole of the next Superduo. Turn and go through the top hole of the last Superduo added.

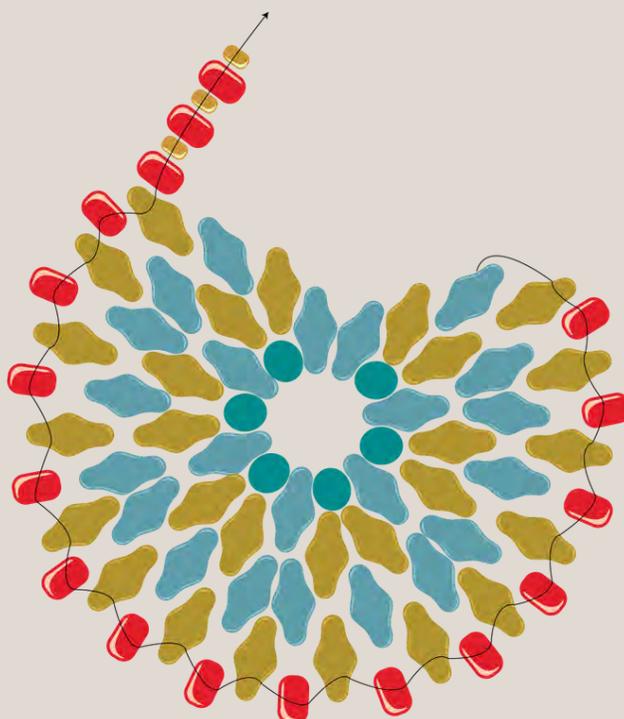

Step 4

[Pick up 1 Color B Superduo bead. Go through the top hole of the next Superduo bead.] fifteen times. Turn and go through the top hole of the last Superduo bead added.

Step 5

[Pick up 1 Size 6/0 bead, go through the top hole of the next Superduo bead] fourteen times. [String the pattern 6/0, 10/0] sixty times, or to desired length.

Step 6

After adding the last 6/o bead in your chain, pick up 4 Size 10/o beads and a closed jump ring. Go back through the Size 6/o bead and all beads in the chain.

Step 7

Continue through all the Superduo beads and 6/o beads around the fan. Exit the last Superduo on the other side. [String the pattern 6/o, 10/o] sixty times, or to desired length.

Step 8

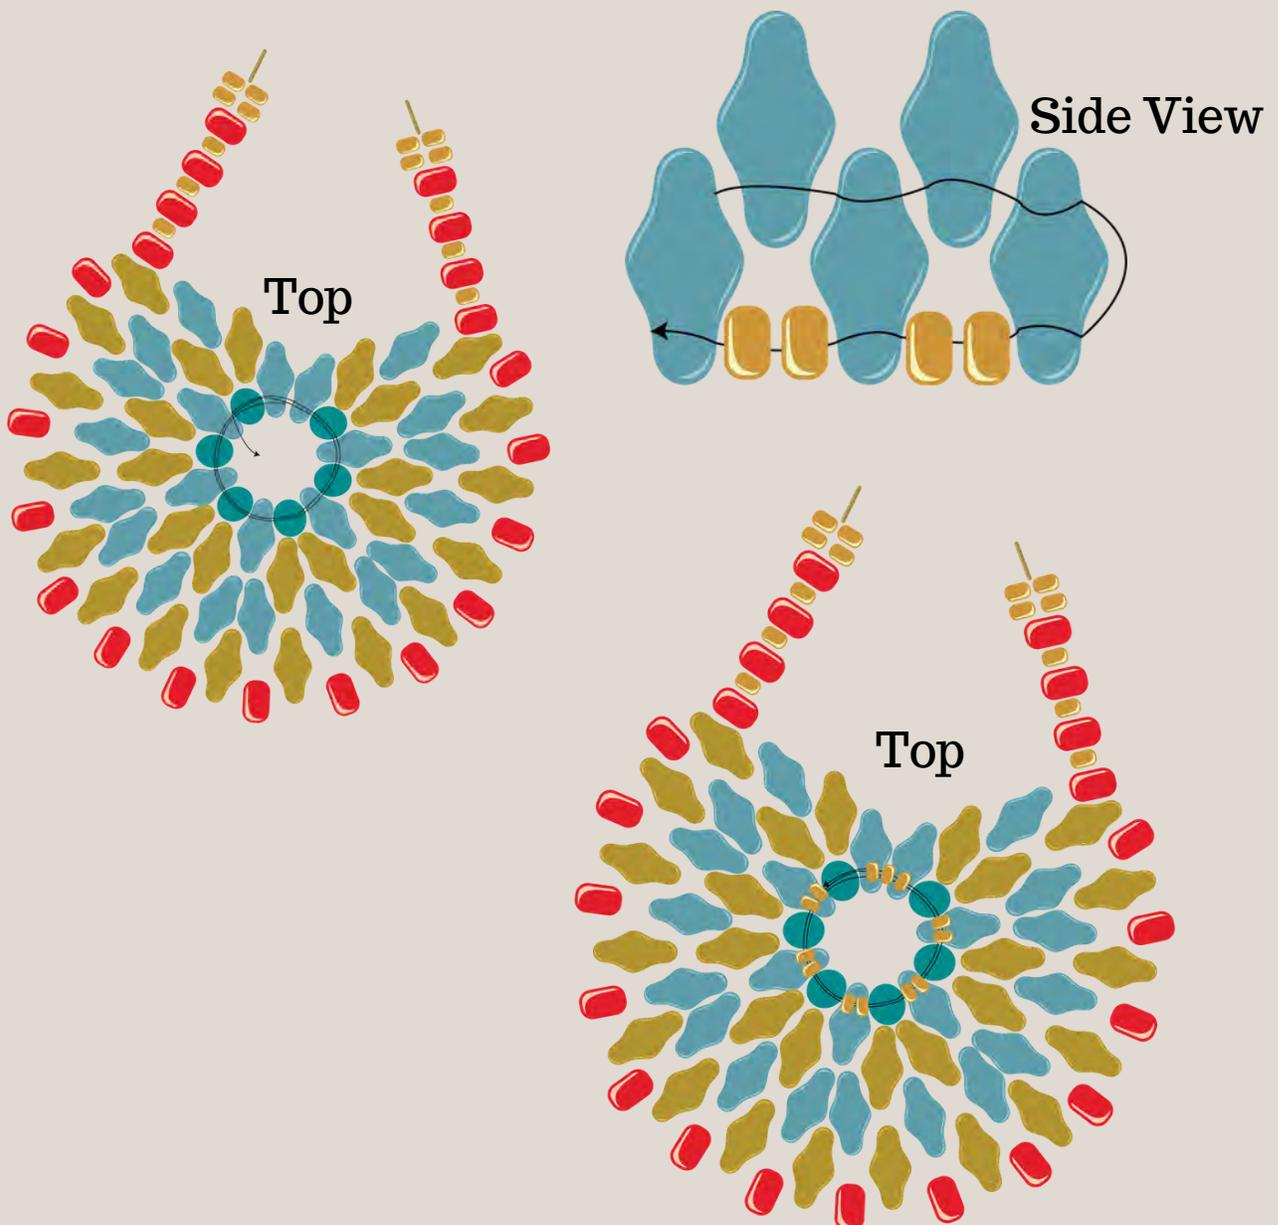

Repeat Step 6. Then go through all the beads around the fan again. Go through all the beads in the chain above, loop around the four size 10 beads. Go back down through the chain.

Go around the fan again and through the chain on the other side, reinforcing the top loop and coming back down through the chain. [Go through the next Superduo, tie a half hitch knot, go through the next 6/o bead] three times. Trim thread.

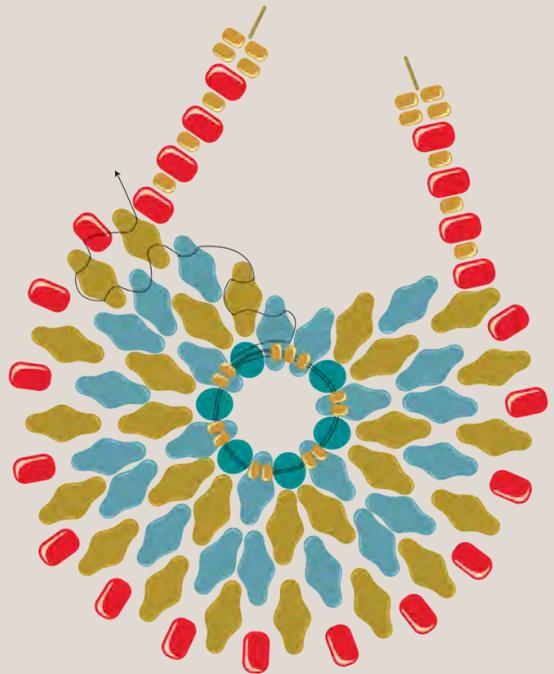

Step 9

Thread a needle onto the tail thread. Go through the next Superduo, which should be the first up bead of the popped up Superduo beads from step 1. Turn and go through the top hole of that bead. [Pick up 2 Size 10/0 beads. Go through the top hole of the next up Superduo] five times. Add 3 size 10/0 beads between the top two Superduo beads. Go back through all the beads again.

Step 10

Go through the bottom hole of the Superduo bead your thread is exiting. Continue through the next Superduo bead, then turn and go through the top hole of that bead. Continue through the next Superduo bead, turn and go through the top hole of that bead.

Go through the top hole of the next Superduo bead above and the bottom hole of the next. Weave into the fan through a few more beads. Trim thread. Attach clasp and additional jump rings to each side of the beaded chain.

The following colors were used in the Style 2 sample:

John Bead Superduo Two-Hole Czech Glass Beads

Color A, Lava, SKU 10549064

Color B, Metallic Flax, SKU 10549065
