ESTABLISHED 1954

Learn how to create Speedy Earrings/Ornaments Gifts with John Bead Czech 2-Hole SuperDuo beads. These fast designs are real multitaskers! Each part of the design can be its own earring or combined into a statement earring or ornament!

Abbreviations used

Duo - Color SuperDuo Bead - Chalk Lava Red

S6 - Size 6/0 Czech Seed Bead, Oscar Gold

S8 - Size 8/0 Czech Seed Bead, Gold Silver Lined

S10 - Size 10/0 Czech Seed Bead, Topaz

Rondelle - 6x4mm rondelle bead, Red

Step 1 - Earring 1, Single Hoop Earring

Note: If you're making the combination earring design, refer to Step 6.

Cut approximately 45" of beading thread. Leave a 7 to 10" tail. {String (1)Duo and (1)S10} thirty times. Continue through the first Duo. If desired, reinforce all of the beads around once more.

Step 2

Open a 6mm jump ring using chain nose pliers in a lateral motion. Connect it with an ear wire and close. Connect another jump ring to the first. Make sure to completely close your jump ring.

Returning to your beading needle/thread, turn and go through the top hole of the Duo your thread is exiting. String the first jump ring attached to your ear wire and go through the next Duo. {String (1)S8 and go through the top hole of the next Duo} twenty-nine times. Continue through the jump ring and next Duo. Weave in working and tail threads and trim.

Step 3 - Create the Smaller Earring

Cut 35" of beading thread. Leaving a 7 to 10" tail, string (1)Rondelle. {String (1)Duo and (1)S10} nine times, plus (1)Duo. Go through the Rondelle and all the beads again. Pass once more through the Rondelle and continue through the next Duo.

Step 4

Turn and go through the top hole of the Duo your thread is exiting. String (2)S8, (4)S10, (2)S8 and go through the top hole of the next Duo, located over the Rondelle. {String (1)S6. Go through the top hole of the next Duo} nine times. Continue through all the S8 and S10 to reinforce that loop. Weave in thread and trim.

Step 5

Link a jump ring to the top loop. Attach a second jump ring and an ear wire.

Step 6 - Combination Earring

Earring 1 and 2 can be linked together to become a statement earring or ornament. To do this, create earring 2 first (refer to steps 3 and 4). Attach a securely closed 6mm jump ring to the top loop. Set aside.

Begin step 1, earring 1 as normal, but replace the last S10 strung in that step with the jump ring attached to earring 2. Finish the rest of the earring as described in steps 1 and 2.

Tip: Replace the ear wire with an ornament hook to make this an ornament. This design would also make a great gift wrap decoration.
