Intermediate Beadweaving
1 Hour Class

Happy October 2022! After campus closes down, take a short cut through the grounds, find along the path most dark, a shadow school of ancient arts.

Today's after-hours, off-campus meeting is with the rumored Shadow School! We will learn to weave a dark net of rope with an ombre of smoky beads trapped inside.

Step 1

To begin, cut about 90 inches of beading thread. Leaving a 12" tail, string [(1)S6A, (1)S10B] four times. Go back through the first S6 and the next S10.

Step 2

[String (3)S10A, (1)S10B, and (3)S10A. Go through the next S10A on the other side of the S6A.] four times. Continue through the first (3)S10A and (1)S10B added in this step.

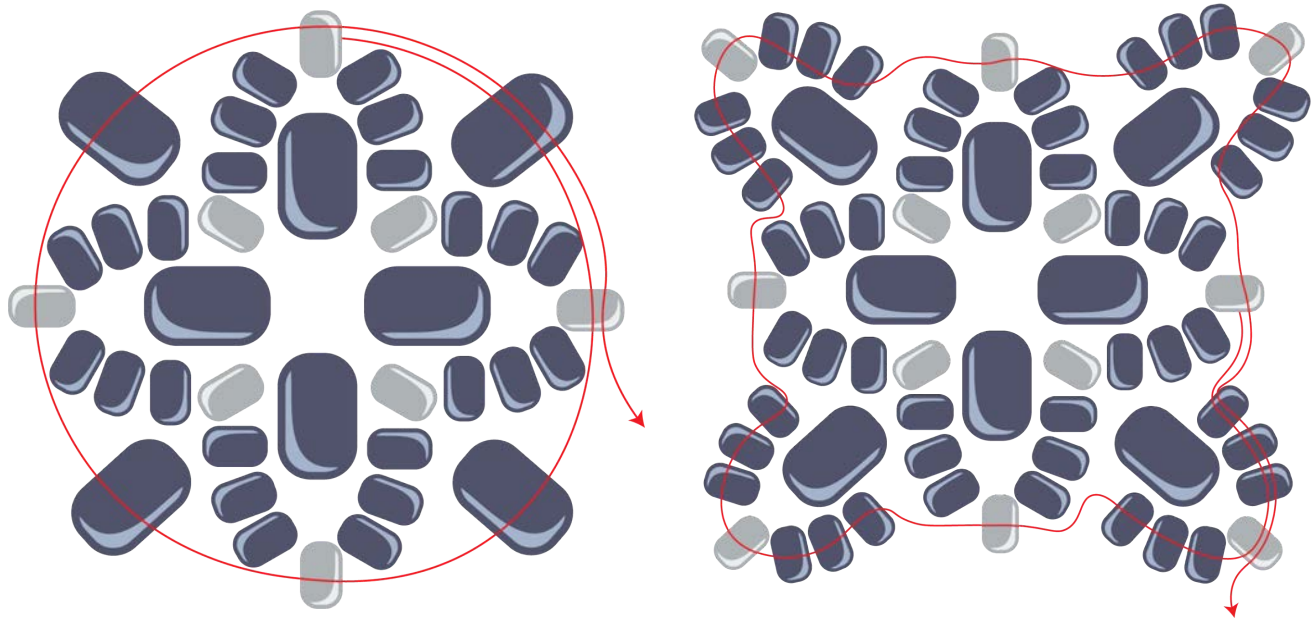

Step 3

[String (1)S6A. Go through the next S10A in the next "point"] four times. Continue through the first S6A string in this step, and the next S10A point bead.

Step 4

Repeat Step 2.

Step 5

Repeat steps 2 and 3 to desired length. Every four or five repeats, change the bead color of the S6 to ombre from S6A to S6C and back. End the design with a Step 3 row.

Step 6

Open a 10mm jump ring. Insert through one of the ending S6 beads. Repeat with another jump ring through the opposing S6. Join those two jump rings with a 6mm jump ring and attach a lobster claw clasp.

Repeat on the other side, creating a chain with the jump rings.
