## Procedure:

**Step 1:**  
Sew according to the pattern (fig. no. 1a).  
Sew the first row of each Christmas tree  
according to the pattern (fig. no. 1b).  
Always start with the widest row  
in the pattern. Start with row no. 2  
in the Christmas tree (fig. no. 1a).

**Step 2:**  
Cut off ca 1.5 m of line.  
Then string 2x rocailles, pull them  
to the end of the line and tie a double knot  
(fig. no. 2a). Sew a line (fig. no. 1a) of eleven  
green rocailles (fig. nos. 2b-2e).

**Step 3:**  
String 1x rocaille in the second row,  
pass the needle under the line between  
the last two rocailles (fig. no. 3a).  
Then pass the needle up through the newly  
added rocaille one more time  
(fig. nos. 3b-3c). Add the rocailles to the end  
of the row in the same way (fig. nos. 3d-3g);  
follow the pattern (fig. no. 1a).

**Difficulty:** ●●●●●

**Technique:** brick stitch

Step 6:  
Work your way down to the bottom row and sew on the tree trunk (fig. nos. 6a-6d). Hide the line with several stitches between the rocailles and cut off the rest.

Step 4:  
Sew the triangle according to the pattern (fig. no. 1a) in the same way (fig. nos. 4a-4h).

Step 5:  
Sew a rocaille onto the last rocaille (fig. no. 5a) and 6x crystal rocailles on to that to create a hanging loop (fig. nos. 5b-5c).

### Procedure:

Step 12:  
Sew according to the pattern (fig. no. 12a).  
Start sewing from the arrow.  
Sew the first two rows using the procedure  
for the Christmas tree (fig. nos. 12b-12c).

Step 13:  
Start the third row with two rocailles  
(fig. nos. 13a-13b), then sew one rocaille  
at a time and sew two rocailles into  
the same place at the end of the row  
(fig. nos. 13c-13e).

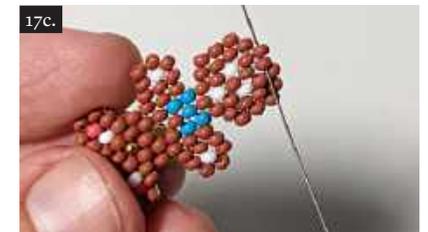

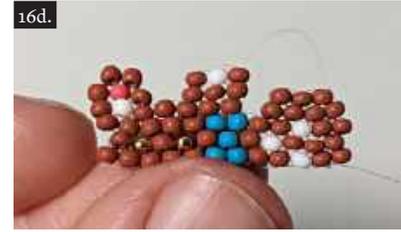

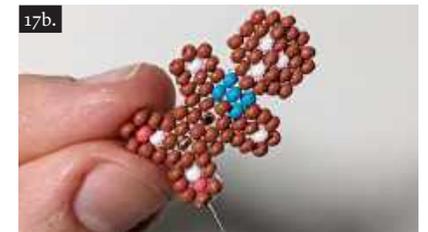

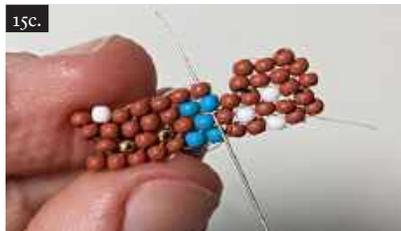

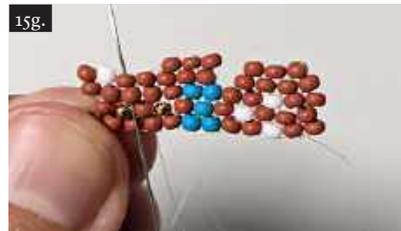

Step 14:  
Start the fourth row with two rocailles once  
again (fig. nos. 14a-14b).  
Sew on the next 5 rocailles one at a time,  
then pass the line down through  
the nearest rocaille in the lower row  
and then up through the remaining rocailles  
in the bottom row (fig. nos. 14c-14d).  
Continue sewing on one rocaille at a time  
to the end of the row (fig. nos. 14e-14g).

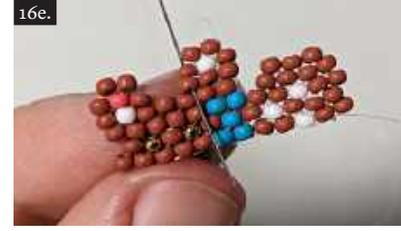

Step 15:  
Start the next row with one rocaille,  
then add 3 rocailles (fig. no. 15a).  
Pass the line through the two lower  
rows (fig. no. 15b) and then sew up into  
a brown rocaille (fig. no. 15c).  
Sew on 2 rocailles (fig. nos. 15d-15e),  
then one more and once again pass the line  
through the bottom row, but leave out 1  
rocaille and create a gap (fig. nos. 15f-15g).  
Sew on 1 rocaille and then sew the last two  
rocailles into the same place  
(fig. no. 15h-15i).

Emerge in the upper rocaille on the figure's head (fig. no. 17c), to which you should then sew 6x rocailles to create a loop. Hide the line with several stitches between the rocailles and cut off the rest (fig. no. 17d).

Step 16:  
Sew on 2 rocailles one after the other (fig. no. 16a). Work your way through the bottom row to the brown protruding rocailles (fig. no. 16b). Sew on 1 rocaille and then sew 2 into the same place (fig nos. 16c-16d). Then sew on 2 more rocailles into the next row (fig. no. 16e).

Step 17:  
Work your way to the other side of the figure (fig. no. 17a) and sew the symmetrical pattern according to the pattern (fig. no. 17b).
