In this class we will create a chic, boho sunburst pendant with faceted glass rondelles and John Bead Czech Glass SuperDuo and Seed Beads! Two finishing styles are shown: adding a chain or creating a beaded finish.

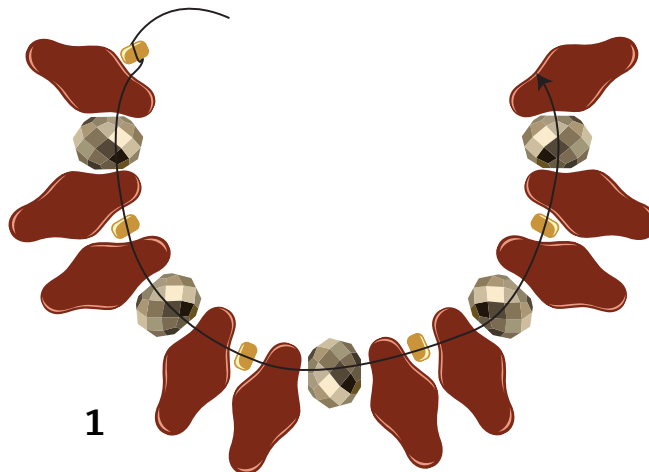

S10, Size 10/0 Seed Bead
Duo, SuperDuo Bead
Round, 4mm faceted glass rondelle bead
Wire Guardian (optional)

Step 1

Cut 90" [230 cm] of beading thread. Leaving a 36" [91 cm] tail, string a stop bead.

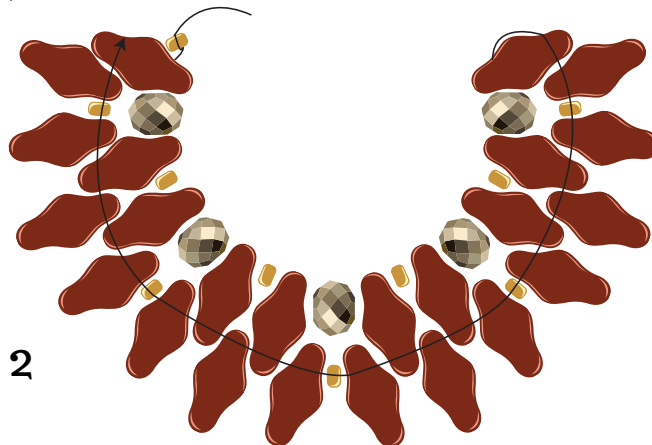

Step 2

String [(1) Duo, (1) Round, (1) Duo, (1) S10] four times. Then string (1) Duo, (1) Round and (1) Duo. Fig 1

Step 3

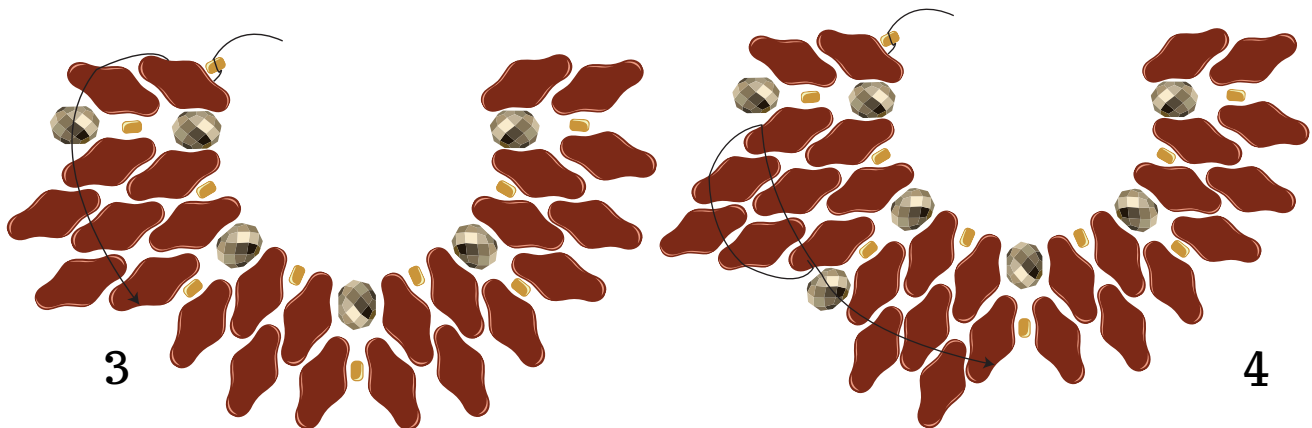

Turn and go through the second hole of the Duo bead. [Pick up (1) Duo, (1) S10, and (1) Duo. Go through the bottom hole of the next Duo. Pick up (1) Duo and go through the bottom hole of the next Duo] four times. Then pick up (1) duo, (1) S10, (1) Duo and go through the bottom hole of the last Duo. Fig 2

Step 4

Turn and go through the bottom hole of the last Duo added in Step 3. Pick up (1) Round. Go through the bottom hole of the next Duo. [Pick up (1) Duo and go through the bottom hole of the next Duo] twice. Fig 3

Turn and go through the bottom hole of the last Duo added in this step. Pick up (1) Duo and go through the bottom hole of the next Duo. Next, Turn and go through the bottom hole of the Duo above. [Continue through the top hole of the next duo, bottom of the next] twice. Fig 4
Repeat this Step 4 for a total of four star points and five Round beads.

Step 5 - Adding Chain

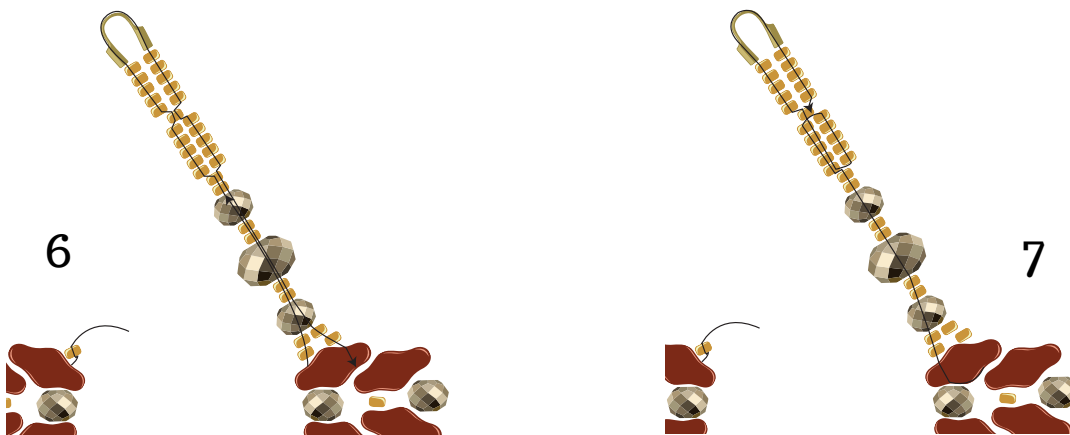

After adding the last Round bead in Step 4, with your thread exiting from the bottom hole of the last Duo bead, turn and go through the bottom hole of the Duo above. Loop around that Duo on the inside of the work and exit from the top hole of that Duo. Pick up (2) S10. Go around a jump ring or your chain link. Go back through the second S10 added in this step. Pick up one more S10. Go through the bottom hole of the Duo. Fig 5 Loop around the Duo again repeat the thread path through the S10 beads to reinforce the connection with the chain. Weave the remaining thread into the piece and trim.

Alternate Finish - Advanced

To create a beaded chain, refer to Step 5 above to weave to exit from the top hole of the Duo shown. Pick up (2) S10 and (1) Round] to desired length. The chain can be made longer without adding rounds by picking up S10 beads in multiples of 6. Loop around a wire guardian and [pick up (5) S10. Skip (5) S10 and go through the 6th S10] until you've reached the last (2) S10 above the rounds section. Continue through the S10 and Round beads. Pick up (2) S10 after exiting the last Round and go through the bottom hole of the Duo. Fig 6

Loop around the Duo, exiting from the top hole, continue through all the beads to reinforce. When you reach the section with just S10, use the side-by-side S10 stacks of 5 to loop around for weaving in thread.
