

Preciosa® Crystals for Bead Landing™

BOHEMIAN CRAFTED SINCE 1548

For five centuries, Preciosa has been seamlessly blending ancient tradition with the most innovative new technologies to create crystals and fine jewelry stones of unparalleled quality. Founded in the Crystal Valley of Bohemia, the local sand used is uniquely rich in silicon-oxide, making it ideal for glassmaking, and their synthetic gems are almost indistinguishable from their natural counterparts.

Michaels will have one of the most outstanding collections of round and rondelle (known as bicone) beads in their stores and online. The color options include the very best that Preciosa manufactures. The best sellers are joined by some of the newest color innovations that are difficult to find. Also, 8mm crystal beads were no longer in production, and at Michaels request they have been manufactured for this this program.

The Preciosa Bead Landing Collection includes:

168 Unique Strands

37 - 4mm Round Beads

42 - 4mm Bicone Beads

27 - 6mm Round Beads

42 - 6mm Bicone Beads

10 - 8mm Round Beads

10 - 8mm Bicone Beads

8mm Beads:

Crystal, Crystal AB, Crystal White Opal,
