John Bead
ESTABLISHED 1954

✘ This *warm glowing stunner* by Lena Gillespie is a meandering path through a fantasy garden of earth-tone branches, roots, and vines.

It is made with John Bead GemDuo beads, copper rings and masterfully wrapped with copper-color wire.

PENDANTS

TUBES

2 COLOURS

John Bead
ESTABLISHED 1954

This line was specially curated to complement seed bead designs. Many are ideal for fringe earrings. They can be beaded around the edges, through open spaces or used as a simple component. We also included some beadable clasps to finish off the collection.

Available in **Silver** and **Gold**.

RHINESTONE BANDING

SS8

SS10

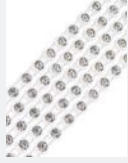

SS12

CrystalLane™
DIY

Rhinestone banding is popular for clothing and costume projects. It makes for an ideal trim that is easy to sew or glue into place. We are seeing designers feature it in beadwork and other home décor applications. Our introduction of this new collection was a runaway success. They are sold in 1 yard and 10 yard packs. The sizes are ss8, ss10 and ss12 in a myriad of color options.

CRYSTAL LANE DIY TOOLS

2 COLOURS

HOT-FIX APPLICATOR

CRYSTAL KATANA

CrystalLane™
DIY

We have added new tools for flat back enthusiasts. These sorting trays make picking up flat backs easier and include wax pick up sticks in the shape of a pencil.

Of note, is our new Crystal Lane DIY Hotfix applicator which heats up quickly and includes seven tips and 250 crystals to get you started. This new wand has a simple on/off switch and support stand.

The Crystal Ninja® Katana and Kubaton have also been added. These professional pick up tools for flat backs can also be used to pick up sequins, paper die cuts and nail art.

GLASS GARDEN STRANDS

ASSORTED SIZES

CrystalLane™
DIY

Our 2024 special planogram featuring 96 unique glass bead strands. They are a John Bead exclusive program and will begin shipping in the spring. The strands have been designed to be seasonless. This is not a spring only planogram. The colors in the collection encompass a natural garden throughout the year. The beads can work in jewelry and surface embellishment applications. Combinations of beads can create floral and other shapes and patterns.

CZECH GLASS CABOCHONS

27 COLOURS

John Bead
ESTABLISHED 1954

These gorgeous glass cabs have two holes. They are ready to add to your beadwork projects with a few quick stitches. You can still glue them in place, but the extra holes become a great way to anchor extra beads. Wire wrappers will love the option to use these drilled holes to create unique linked components, earrings, and pendants.

The collection includes opaque colors in matt and marble, with and without foiling, along with transparent options in two sizes: **25 x 18** and **18 x 13**.

CZECH GLASS STRANDS

55 COLOURS

John Bead
ESTABLISHED 1954

Discover the unparalleled beauty and quality of Czech glass beads, renowned for their vibrant colors and intricate patterns.

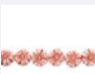

We have added some popular pressed glass shapes to our catalog this year. Flowers, seashells and conch shells are wonderful beads to add to seed bead projects.

We also added 24 mixed shapes and colors designer strands that are a John Bead exclusive.

VELVET GLASS BEADS

4 SIZES

John Bead
ESTABLISHED 1954

Pressed Beads in Velvet Colors are the newest beads!

Their appearance is rich and opulent, with a velvety sheen that gives them a luxurious and tactile quality. The color of the beads range from deep, sumptuous hues to more muted and elegant tones, adding to the overall sense of sophistication.

We have drops and **4mm** and **6mm** round beads in **13** luscious colors.

CHEVRON GLASS BEADS

5 SIZES

John Bead
ESTABLISHED 1954

These beads are popular in various forms of beadwork, jewelry making, and crafts due to their eye-catching design. Chevron beads have a long history and have been used by different cultures for centuries, with origins traced back to ancient times. Today, they continue to be appreciated for their unique appearance and versatility in creating intricate and beautiful beadwork designs. We have been selling them for decades and are happy to add five new fresh options to our catalog.

13 GRAM

MATUBO™
TOP CZECH BEADS

The GemDuo unique shape (flat top) and sharp lines allow the beads to nestle together with barely any space or gaps between them. The shine of the bead is a degree higher than the classic pressed beads on the level of fire polished beads. The holes have a glossy smooth surface that does not tear any stringing material.

John Bead GEMDUO collection of 171 colors.

Let yourself be carried away by the subtlety, beauty, and harmonic perfection of MATUBO™ beads.

A close-up photograph of a person's hands. The upper hand is clenched into a fist, with a stream of fine, light-colored sand falling from the fingers. The lower hand is held open, palm up, and is catching the falling sand. The background is a soft, out-of-focus teal color. The text is overlaid in the center of the image.

The best beads and crystals in the world start with sand from the Crystal Valley in the Czech Republic.

GINKO 2-HOLE BEADS

12 GRAM

50 GRAM

MATUBO™
TOP CZECH BEADS

The Ginko bead is a Czech pressed glass bead. We have had the bead in our catalog for many years, but we expanded from **49** to **170** colors color options.

QUILLS

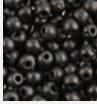

John Bead
ESTABLISHED 1954

We have spectacular new addition of bone classic and novelty products. There are round beads in natural, white and black color options. You will adore the new pendants with bears, arrows, turtles and paws. We have new pipe beads and slabs. There are four new mixed tubs with stunning assortments. Last, but perhaps our favorite, we have four sizes of imitation African porcupine quills.

A woman wearing a teal sequined dress is holding a handbag. The handbag features a vibrant floral pattern in shades of pink, red, and yellow, with several clear crystals attached. The bag has a light blue fur trim and a green beaded border. The background is softly blurred, showing green foliage and orange flowers.

CZECH CRYSTAL BEAD RONDELL

4 SIZES

PRECIOSA
AUTHORIZED
PARTNER
PLATINUM

Preciosa rondell beads are the most popular crystal bead in any collection. They are used as spacers between larger beads or as focal points in many jewelry projects. They contribute to the overall appeal of jewelry designs, elevating them with a touch of sparkle and elegance. The facets on the beads catch and reflect light, providing a radiant and luxurious appearance.

Along with new colors, we have a new coating called Glitter which is an icier, more delicate version of our classic Aurora Borealis (AB) coating, Glitter gives merely a subtle wink of iridescence.

WAXED POLYESTER THREAD

2 SIZE LENGTHS

Gudebrod 3 ply waxed polyester thread is one of the most popular stringing material for beading, knotting, crocheting and macramé jewelry projects. It is ideal for leather crafting, book binding and other DIY projects. The thread is strong but very flexible. We sell it in lengths ranging from 500 feet to consumer friendly 75 foot spools.

Made in the USA.

BAMBOO BEAD BOARDS

7 SIZES

John Bead
ESTABLISHED 1954

Immerse yourself in the world of beading with a board designed to inspire. The lightweight yet sturdy surface provides an ideal work surface for your beadwork. Our wood boards come in several sizes. You can purchase a travel size board for beading on the go or a larger worktable size for production work. Makers will appreciate the ability to design a set of jewelry or several designs at the same time. The u shaped grooves are deep, so larger beads will not roll away and all but one of the boards have cavities for extra beads to rest during the design stage. Measurements are easy to read. The Mega Bracelet board is unique because you can design any bracelet to standard industry lengths. The boards look beautiful as they are, and jewelry simply displayed on them look wonderful as well.

TOOLS BY JOHN BEAD

GLUE GUN PAD

GLUE GUN

GLUE STICKS

We have added new tools to our catalog this year.

Our new glue gun is the best one we tested after reviewing many. It is a full size model but light weight. It has a flip-up stand with a easy to see high/low temperature switch. The extended nozzle ensures that hot glue flows consistently. We included two glue sticks to get you started. To complete your gluing set up, a non-stick glue pad is recommended. Our easy to use pad keeps your work surface free from glue drips and damage. It is the perfect place to rest the glue gun when you are working. Finally, we have glue sticks for these special dual temperature glue guns.

MIXED COLOR BEAD BOXES

20 MIXED COLOURS

John Bead
ESTABLISHED 1954

Mixed bead boxes are not just a product; they are an experience waiting to unfold. Discover the joy of combining sizes or shapes and mixing colors to create something special. They are perfect for projects of all sizes, whether you're making bracelets, necklaces, earrings, or other mixed-media designs. Bead boxes are fantastic for new makers because they have generous piece counts and already arrive in their own storage. Simply open the lid and begin having fun designing friendship bracelets, gifts, sun catchers, home décor items and anything where a bead will add the perfect extra embellishment. Bead boxes are great gifts and if you have more than one you can mix and match many different color palettes.
