Introduction

Daisy chain jewelry and millifiore beads are timeless and universally appealing. Together in a jewelry design with pearl colored seed beads makes these designs over-the-top gorgeous! In class we will show two styles: spaced and close daisy chains. In each case the steps to make the daisy will be familiar and easy. Enjoy this fun spin on the classic daisy chain!

In this design, many colors of size 8/0 seed beads are used. The main color is white pearl, with a pop of yellow, but in both designs other colors of flower petals are introduced by changing up the seed bead color.
