ESTABLISHED 1954

## What You'll Need

John Bead Czech Glass Superduo Beads  
Choose any color. Shown in Hematite

John Bead Czech Glass Seed Beads Size 6/0  
Opaque Black

John Bead Czech Glass Seed Beads 10/0 or 11/0  
Opaque Black

Beading thread such as Wildfire or Fireline

Size 10 or 11 hard beading needles (x2)

Beading Mat

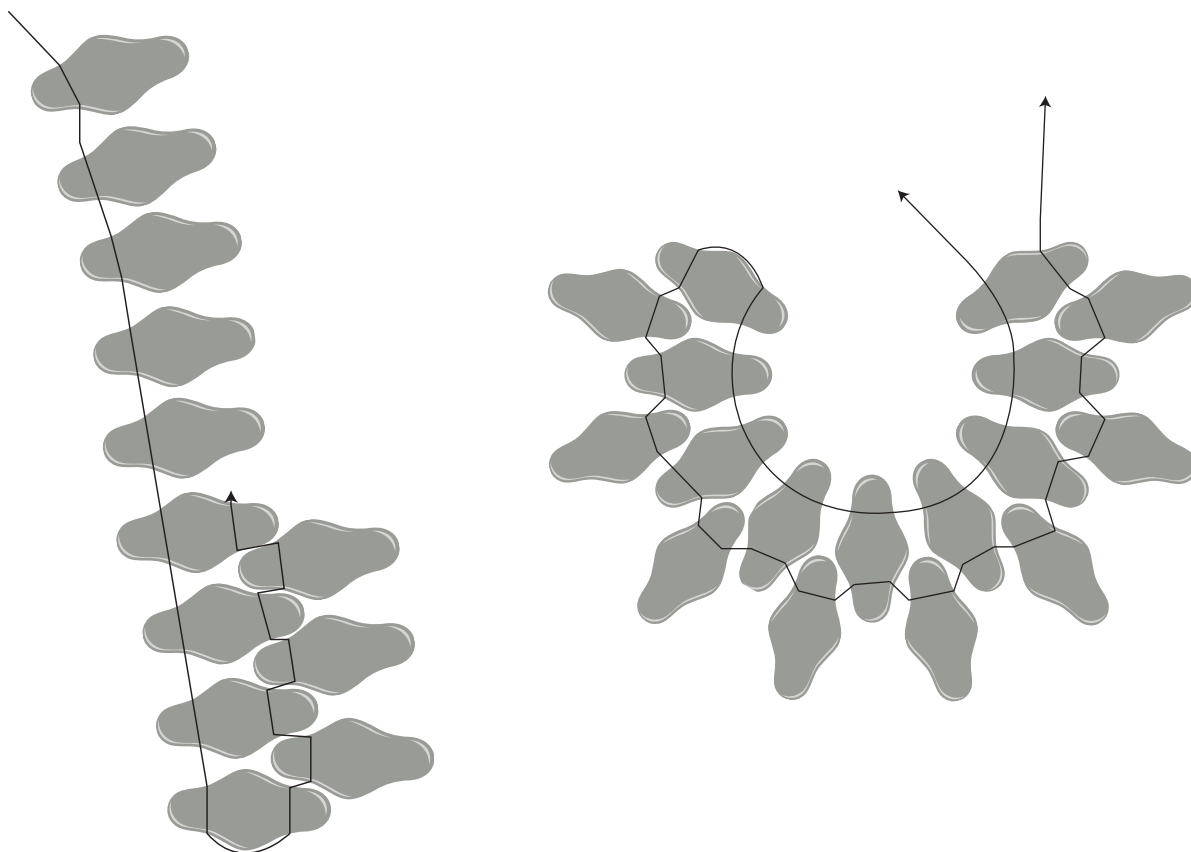

Earwires of your choice

Step 1 - Cut 30" [76 cm] of beading thread and thread a needle onto each end of the thread.

Pick up 1 Superduo bead and bring each needle through one of the holes. Bring the bead down to the middle of the strand and tighten.

String 8 Superduo onto one of the needles. [With the other needle, Pick up a Superduo bead and go through the opposite hole of the Superduo bead strung on the other needle] 8 times.

After each Superduo is added, pull both of the strands tightly and the superduo beads will begin to loop and form a ring.

Step 2 - Pick up a size 10/0 (or size 11/0) bead with each needle, then bring both needles through a size 6/0 bead.

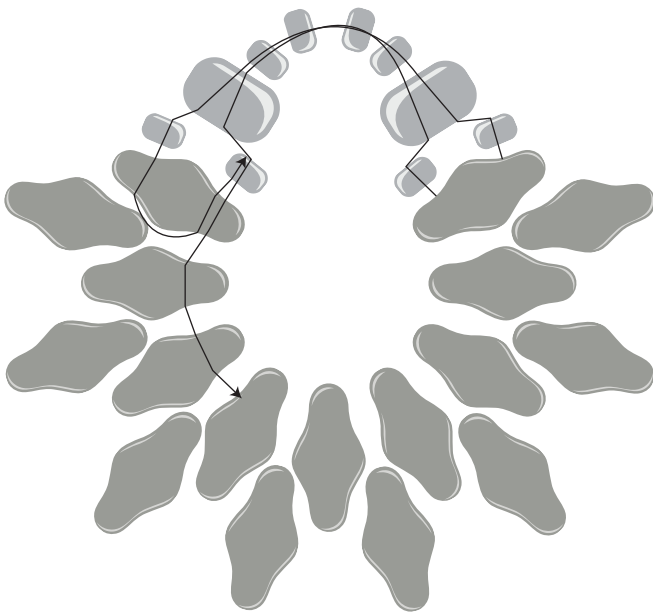

If using 11/0, bring both strands through 4 11/0 beads.

If using 10/0, bring both strands through 3 10/0 beads.

Bring both strands through a size 6/0 bead.

String a size 10/0 (11/0) bead onto each of the strands and bring each of the needles through different holes on the Superduo on the other side. Pull to tighten.

Use one of the strands to turn and go through the opposite hole of the Superduo bead. Continue through all the beads to reinforce, then weave into the Superduo beads, tie a half-hitch knot if desired, and trim. Weave in the other thread and trim.
